Newsletter March 2023

President's Corner

Hello! I'm Sarah Gorman, President of ASAP, sleep apnea patient, and relentless advocate for others with this disease, I am thrilled you are here! As a community of patient advocates, ASAP is dedicated to ensuring that patients diagnosed with sleep apnea receive and access the care they deserve to ensure their life-long well-being. ASAP advocates, educates, and communicates on behalf of the patient community to both the broader public and policymakers. Our goal is to ensure patients are able to achieve better breathing and better sleep - so you can be better you! Our periodic newsletter is meant to inform you of the latest news in treatment, advocacy, and patient stories. Let us know what else we can do for you. Here's to a better sleep!

About Us

We are a patient-oriented non-profit organization established in 2018. We are committed to promoting diagnosis, treatment, and prevention of sleep apnea on behalf of the patient community to advance the state of patient care and life-long well-being of sleep apnea patients.
